

MESSAGE FROM LEE YUAN SIONG

AIA began as an organisation in Shanghai in 1919 and today is headquartered in Hong Kong. From these roots we have grown to become the largest life insurance company in the world.

We have confidence in the future of Hong Kong because of the people of Hong Kong. As we have always said, we believe that the rule of law has been a pillar of Hong Kong's development over generations and remains critical to its continuing growth and prosperity for future generations.

In this context, we fully support a national security law that safeguards One Country, Two Systems and which will promote Hong Kong's peaceful progress for the benefit of all Hong Kong people.

Lee Yuan Siong
AIA Group Chief Executive and President
